7/9/2015, 9:56 AM N974C2 ... (b) (6) Comment	After reviewing the request from Mr. Charmichael, it has been determined that no single document contains information pertaining to "terminology in use for various sonar contacts from US undersea surveillance systems and US submarines." Any information related how US surveillance systems and US submarines "classify" sonar contacts is classified secret or above and is except from FOIA based on FOIA exemption 1.
